

HAP Empowered MI Health Link Medicare-Medicaid Plan 2022 List of Covered Drugs (Formulary)

PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT
THE DRUGS WE COVER IN THIS PLAN.

CMS Approved Formulary File Submission ID: 22375 Version 22

We have made no changes to this formulary since 11/22/2022. For more recent information or other questions, contact us at (888) 654-0706 (TTY: 711), 7 days a week, 8 a.m. to 8 p.m. Or visit www.hap.org/mihealthlink.

The formulary may change at any time. You will receive notice when necessary.

HAP Empowered MI Health Link is a health plan that contracts with both Medicare and Michigan Medicaid to provide benefits of both programs to enrollees.

If you have questions, please call HAP Empowered MI Health Link at (888) 654-0706 (TTY: 711), 7 days a week, 8 a.m. to 8 p.m. The call is free. **For more information**, visit www.hap.org/mihealthlink

HAP Empowered MI Health Link (Medicare-Medicaid Plan) 2022 List of Covered Drugs (Drug List or Formulary)

Introduction

This document is called the *List of Covered Drugs* (also known as the Drug List). It tells you which prescription drugs and over-the-counter drugs are covered by HAP Empowered MI Health Link. The Drug List also tells you if there are any special rules or restrictions on any drugs covered by HAP Empowered MI Health Link. Key terms and their definitions appear in the last chapter of the *Member Handbook*.

If you have questions, please call HAP Empowered MI Health Link at (888) 654-0706 (TTY: 711). Help with prescription drug benefit questions is available 24 hours a day, 7 days a week. For all other calls, 8 a.m. to 8 p.m., 7 days a week. The call is free.

For more information, visit www.hap.org/mihealthlink

Disclaimers

This is a list of drugs that members can get in HAP Empowered MI Health Link.

- ❖ HAP Empowered MI Health Link is a health plan that contracts with both Medicare and Michigan Medicaid to provide benefits of both programs to enrollees.

- ❖ You can get this document for free in other formats, such as large print, braille, or audio. Call HAP Empowered MI Health Link Customer Service at (888) 654-0706 (TTY: 711), 7 days a week, 8 a.m. to 8 p.m. The call is free.

- ❖ You can also get this document, now and in the future, for free in other languages or other formats such as large print or audio. You only have to make this request one time. You can also change your request. Call HAP Empowered MI Health Link Customer Service at (888) 654-0706 (TTY: 711), 7 days a week, 8 a.m. to 8 p.m. The call is free.

B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs*. You can read all of the FAQ to learn more, or look for a question and answer.

B1. What prescription drugs are on the *List of Covered Drugs*?

(We call the *List of Covered Drugs* the “Drug List” for short.)

The drugs on the *List of Covered Drugs* that starts on page 15 are the drugs covered by HAP Empowered MI Health Link. These drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

- HAP Empowered MI Health Link will cover all medically necessary drugs on the Drug List if:
 - your doctor or other prescriber says you need them to get better or stay healthy, **and**

If you have questions, please call HAP Empowered MI Health Link at (888) 654-0706 (TTY: 711). Help with prescription drug benefit questions is available 24 hours a day, 7 days a week. For all other calls, 8 a.m. to 8 p.m., 7 days a week. The call is free.

For more information, visit www.hap.org/mihealthlink

- you fill the prescription at a HAP Empowered MI Health Link network pharmacy.
- HAP Empowered MI Health Link may have additional steps to access certain drugs (see question B4 below).

You can also see an up-to-date list of drugs that we cover on our website at www.hap.org/mihealthlink or call Customer Service at (888) 654-0706 (TTY: 711), 7 days a week, 8 a.m. to 8 p.m.

B2. Does the Drug List ever change?

Yes, and HAP Empowered MI Health Link must follow Medicare and Michigan Medicaid rules when making changes. We may add or remove drugs on the Drug List during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior approval for a drug. (Prior approval is permission from HAP Empowered MI Health Link before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, see question B4.

If you are taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the Drug List now, **or**
- we learn that a drug is not safe, **or**
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the Drug List changes.

If you have questions, please call HAP Empowered MI Health Link at (888) 654-0706 (TTY: 711). Help with prescription drug benefit questions is available 24 hours a day, 7 days a week. For all other calls, 8 a.m. to 8 p.m., 7 days a week. The call is free.

For more information, visit www.hap.org/mihealthlink

- You can always check HAP Empowered MI Health Link’s up-to-date Drug List online at www.hap.org/mihealthlink.
- You can also call Customer Service to check the current Drug List at (888) 654-0706 (TTY: 711), 7 days a week, 8 a.m. to 8 p.m.

B3. What happens when there is change to the Drug List?

Some changes to the Drug List will happen **immediately**. For example:

- **A new generic drug becomes available.** Sometimes, a new generic drug comes on the market that works as well as a brand name drug on the Drug List now. When that happens, we may remove the brand name drug and add the new generic drug, but your cost for the new drug will stay the same. When we add the new generic drug, we may also decide to keep the brand name drug on the list but change its coverage rules or limits.
 - We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
 - You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please see question B10 for more information on exceptions.
- **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe or the drug’s manufacturer takes a drug off the market, we will take it off the Drug List. If you are taking the drug, we will let you know. We will also tell your doctor about the change. You can work with your doctor to find another drug for your condition.

We may make other changes that affect the drugs you take. We will tell you in advance about these other changes to the Drug List. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We add a generic drug that is not new to the market **and**
 - Replace a brand name drug currently on the Drug List **or**
 - Change the coverage rules or limits for the brand name drug.

If you have questions, please call HAP Empowered MI Health Link at (888) 654-0706 (TTY: 711). Help with prescription drug benefit questions is available 24 hours a day, 7 days a week. For all other calls, 8 a.m. to 8 p.m., 7 days a week. The call is free.

For more information, visit www.hap.org/mihealthlink

When these changes happen, we will:

- Tell you at least 30 days before we make the change to the Drug List **or**
- Let you know and give you a 30-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. He or she can help you decide:

- If there is a similar drug on the Drug List you can take instead **or**
- Whether to ask for an exception from these changes. To learn more about exceptions, see question B10.

B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug.

For example:

- **Prior approval (or prior authorization):** For some drugs, you or your doctor or other prescriber must get approval from HAP Empowered MI Health Link before you fill your prescription. HAP Empowered MI Health Link may not cover the drug if you do not get approval.
- **Quantity limits:** Sometimes HAP Empowered MI Health Link limits the amount of a drug you can get.
- **Step therapy:** Sometimes HAP Empowered MI Health Link requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor thinks the first drug doesn't work for you, then we will cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables on pages 15-153. You can also get more information by visiting our website at www.hap.org/mihealthlink. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

If you have questions, please call HAP Empowered MI Health Link at (888) 654-0706 (TTY: 711). Help with prescription drug benefit questions is available 24 hours a day, 7 days a week. For all other calls, 8 a.m. to 8 p.m., 7 days a week. The call is free.

For more information, visit www.hap.org/mihealthlink

You can also ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. He or she can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception. Please see questions B10-B12 for more information about exceptions.

B5. How will you know if the drug you want has limits or if there are required actions to take to get the drug?

The *List of Covered Drugs* on page 15 has a column labeled “Necessary actions, restrictions, or limits on use.”

B6. What happens if we change our rules about some drugs (for example, prior authorization (approval), quantity limits, and/or step therapy restrictions)?

In some cases, we will tell you in advance if we add or change prior approval, quantity limits, and/or step therapy restrictions on a drug. See question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the Drug List change.

B7. How can you find a drug on the Drug List?

There are two ways to find a drug:

- You can search alphabetically (if you know how to spell the drug), **or**
- You can search by medical condition.

To search **alphabetically**, go to the Index of Covered Drugs section. You can find it starting on page 183. Search using the brand or generic name of the drug. Look in the Index and find your drug. Next to your drug you will see the page number where you can find coverage information. Go to that page and find the name of your drug in the first column of the list.

To search **by medical condition**, find the section labeled “List of drugs by medical condition” on page 15. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you

If you have questions, please call HAP Empowered MI Health Link at (888) 654-0706 (TTY: 711). Help with prescription drug benefit questions is available 24 hours a day, 7 days a week. For all other calls, 8 a.m. to 8 p.m., 7 days a week. The call is free.

For more information, visit www.hap.org/mihealthlink

should look in the category, Cardiovascular. That is where you will find drugs that treat heart conditions.

B8. What if the drug you want to take is not on the Drug List?

If you don't see your drug on the Drug List, call Customer Service at (888) 654-0706 (TTY: 711), 7 days a week, 8 a.m. to 8 p.m. and ask about it. If you learn that HAP Empowered MI Health Link will not cover the drug, you can do one of these things:

- Ask Customer Service for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. He or she can prescribe a drug on the Drug List that is like the one you want to take. **Or**
- You can ask the health plan to make an exception to cover your drug. Please see questions B10-B12 for more information about exceptions.

B9. What if you are a new HAP Empowered MI Health Link member and can't find your drug on the Drug List or have a problem getting your drug?

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you are a member of HAP Empowered MI Health Link. This will give you time to talk to your doctor or other prescriber. He or she can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 30 days of medication.

We will cover a 30-day supply of your drug if:

- you are taking a drug that is not on our Drug List, **or**
- health plan rules do not let you get the amount ordered by your prescriber, **or**
- the drug requires prior approval by HAP Empowered MI Health Link, **or**
- you are taking a drug that is part of a step therapy restriction.

If you are in a nursing home or other long-term care facility and need a drug that is not on the Drug List or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

If you have questions, please call HAP Empowered MI Health Link at (888) 654-0706 (TTY: 711). Help with prescription drug benefit questions is available 24 hours a day, 7 days a week. For all other calls, 8 a.m. to 8 p.m., 7 days a week. The call is free.

For more information, visit www.hap.org/mihealthlink

- We will cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new HAP Empowered MI Health Link member.
- This is in addition to the temporary supply during the first 90 days you are a member of HAP Empowered MI Health Link.

An Emergency Supply is defined by CMS as a one-time fill of a drug that is not on the list but is necessary for a current member in a long-term care setting. Current members that need an emergency supply or are prescribed a drug that is not on the list as a result of a level of care change, are placed in transition. Our claims processor will put an override in the system to allow the one-time fill. Level of care changes include the following changes from one treatment setting to another:

- Enter a long-term care (LTC) facility from a hospital or other setting,
- Leave a LTC facility and return to the community,
- Discharge from a hospital to a home,
- End a skilled nursing facility stay covered under Medicare Part A (including pharmacy charges) and refer to coverage under Medicare Part D, and
- Discharge from a psychiatric hospital with medication regimens that are highly individualized.

B10. Can you ask for an exception to cover your drug?

Yes. You can ask HAP Empowered MI Health Link to make an exception to cover a drug that is not on the Drug List.

You can also ask us to change the rules on your drug.

- For example, HAP Empowered MI Health Link may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior approval requirements.

If you have questions, please call HAP Empowered MI Health Link at (888) 654-0706 (TTY: 711). Help with prescription drug benefit questions is available 24 hours a day, 7 days a week. For all other calls, 8 a.m. to 8 p.m., 7 days a week. The call is free.

For more information, visit www.hap.org/mihealthlink

B11. How can you ask for an exception?

To ask for an exception, call Customer Service at (888) 654-0706 (TTY: 711), 7 days a week, 8 a.m. to 8 p.m. A Customer Service representative will work with you and your provider to help you ask for an exception. You can also read Chapter 9, Section F of the *Member Handbook* to learn more about exceptions.

B12. How long does it take to get an exception?

First, we must get a statement from your prescriber supporting your request for an exception. After we get the statement, we will give you a decision on your exception request within 72 hours.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

B13. What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA).

HAP Empowered MI Health Link covers both brand name drugs and generic drugs.

B14. What are OTC drugs?

OTC stands for "over-the-counter." HAP Empowered MI Health Link covers some OTC drugs when they are written as prescriptions by your provider.

You can read the HAP Empowered MI Health Link Drug List to see what OTC drugs are covered.

If you have questions, please call HAP Empowered MI Health Link at (888) 654-0706 (TTY: 711). Help with prescription drug benefit questions is available 24 hours a day, 7 days a week. For all other calls, 8 a.m. to 8 p.m., 7 days a week. The call is free.

For more information, visit www.hap.org/mihealthlink

B15. What is your copay?

As a HAP Empowered MI Health Link member, you have no copays for prescription and OTC drugs as long as you follow HAP Empowered MI Health Link's rules.

B16. What are drug tiers?

Tiers are groups of drugs on our Drug List.

Every drug on the plan's Drug List is in one of two tiers. A tier is a group of drugs of generally the same type (for example, brand name, generic, or over-the counter drugs).

- Tier 1 includes generic drugs (lower tier).
- Tier 2 includes brand-name drugs (higher tier).

An OTC drug may fall into Tier 1 or Tier 2 (if it is a generic drug or a brand drug). There is no copay for drugs in Tier 1 or Tier 2.

C. Overview of the List of Covered Drugs

The following list of covered drugs gives you information about the drugs covered by HAP Empowered MI Health Link. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins on page 183. The index alphabetically lists all drugs covered by HAP Empowered MI Health Link.

The first column of the chart lists the name of the drug. Brand name drugs are capitalized (for example, VENTOLIN HFA), and generic drugs are listed in lower-case italics (for example, *gabapentin*).

The information in the necessary actions, restrictions, or limits on use column tells you if HAP Empowered MI Health Link has any rules for covering your drug.

Information on what the symbols and abbreviations in this table mean is listed on page 14.

Note: The word "ADD" next to a drug means the drug is not a "Part D drug."

- These drugs have different rules for appeals. An appeal is a formal way of asking us to review a coverage decision and to change it if you think we made

If you have questions, please call HAP Empowered MI Health Link at (888) 654-0706 (TTY: 711). Help with prescription drug benefit questions is available 24 hours a day, 7 days a week. For all other calls, 8 a.m. to 8 p.m., 7 days a week. The call is free.

For more information, visit www.hap.org/mihealthlink

a mistake. For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or Michigan Medicaid.

- If you or your doctor disagree with our decision, you can appeal. To ask for instructions on how to appeal, call Customer Service at (888) 654-0706 (TTY: 711), 7 days a week, 8 a.m. to 8 p.m. You can also read Chapter 9, Section E3 (non-Part D drugs) and Section F5 (Part D drugs) in the *Member Handbook* to learn how to appeal a decision.

C1. Drugs Grouped by Medical Condition

The drugs in this list are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, Cardiovascular. That is where you will find drugs that treat heart conditions.

If you have questions, please call HAP Empowered MI Health Link at (888) 654-0706 (TTY: 711). Help with prescription drug benefit questions is available 24 hours a day, 7 days a week. For all other calls, 8 a.m. to 8 p.m., 7 days a week. The call is free.

For more information, visit www.hap.org/mihealthlink

List of Abbreviations

ADD: Additional Demonstration Drug.

Non-Part D drugs or over-the-counter products that are covered by Medicaid.

B/D: Part B vs Part D.

This prescription drug may be covered under Medicare Part B or D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.

LA: Limited Availability.

This prescription may be available only at certain pharmacies. For more information, please call Customer Service.

OP: Opioid Drugs.

Each new fill or refill for prescriptions for opioid medications are limited to a 30-day supply dispensed for members who received authorization for greater than a 7-day supply.

PA: Prior Authorization.

The Plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval before you fill your prescriptions. If you don't get approval, we may not cover the drug.

QL: Quantity Limit.

For certain drugs, the Plan limits the amount of the drug that we will cover.

ST: Step Therapy.

In some cases, the Plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

If you have questions, please call HAP Empowered MI Health Link at (888) 654-0706 (TTY: 711). Help with prescription drug benefit questions is available 24 hours a day, 7 days a week. For all other calls, 8 a.m. to 8 p.m., 7 days a week. The call is free.
